

App Building

Have you ever wanted to make your own websites and apps? In this innovative hands-on coding and tech camp, you'll learn the skills of a coder and the mindset of an entrepreneur through building apps - your own app and also an app for local nonprofits. You'll build apps and games in the course and work on real web apps. Previous students have been covered in multiple local news outlets for apps they've built for homeless shelters, veterinarians, and local climate nonprofits!

Please note: this class has a minimum enrollment number of 4 students and a maximum capacity of 10 students.
